

LIFTEASY offers two ways of raising and lowering your project:

1. Power operated with wired Remote Control handle with variable lifting speed

2. Manual operation with hand crank or using a cordless drill.

- LIFT EASY CAN HELP YOU INSTALL:
- Retractable Screens
- Hot Water Tanks
- Speakers & Lights for Film/Theatre Productions
- Advertising signs . . .and more!

LIFTEASY has a solid telescopic mast made out of aluminum alloy that has a built-in level to ensure stability in all situations.

Lift and position anything up to 16 feet high!

LIFTEASY portable electric lift gives you the extra help when lifting your product to a specific height. Using the CM340 model you can go from 37 inches to 11 feet high, and the CM520 goes from 41 inches to 16 feet high.
